

2012 Regional, State, and Local Initiatives in Nanotechnology Workshop

Goal:

To interface with regional, state, and local bodies as the NNI enters its second decade, with a focus on economic growth and job creation, and the tech transfer and commercialization of nanotechnology potential applications.

Themes:

- the current landscape of U.S. RSL nanotechnology initiatives and their status;
- current Federal resources available for RSLs;
- RSL best practices, business models, and opportunities for partnering; and
- the role of nanotechnology RSLs in future U.S. economic growth and job creation.

NNI Leadership at the RSL Workshop
