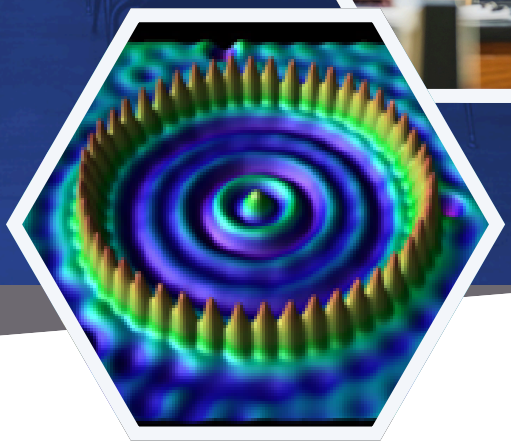
NANOEDUCATORS QUARTERLY FORUM

Nanotechnology-focused student competitions and lesson plans



Wednesday, Oct. 28, 2026

6:30-7:30 p.m. ET

- Teacher-led nano lab walkthrough sessions
- Short informational talks with nanoscience teachers
- Discussions about cutting-edge nanoscience topics
- Informal, potluck-style resource sharing

Rita Blaik, Director of Education at the California NanoSystems Institute, will share nanotechnology-focused resources available to teachers. Dr. Blaik will introduce the Nanovation Competition, geared toward high school students, as well as nanotechnology lesson plans and other free educational resources available to teachers through the California NanoSystems Institute.
